DETAILED ACTION

Election/Restrictions

Claims 35-44, 46-49 are withdrawn from consideration as being drawn to non-elected subject matter.

Applicants argue that a search has been done with respect to methoxsalen but in these claims they have excluded pilocarpine. Applicant has some claims drawn to including pilocarpine and some not. It is true that applicant elected methoxsalen but they clearly also intended to continue to pursue claims to pilocarpine. Thus, the examination can include methoxsalen but must also include pilocarpine in all claims. Thus, the examined claims are restricted to claims which include methoxsalen and pilocarpine.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 22, 23 and 45 are rejected under 35 U.S.C. 103(a) as being unpatentable over Viner.

Applicants argue that Viner contains other ingredients not in applicant's invention. Applicant also includes ingredients other than nicotine and pilocarpine, namely, the ingredient (c) in claim 22. Applicant has not explained how the other ingredients in Viner materially affect the invention in Viner and how their additional ingredients do not change the fundamental characteristics of their invention. Viner is very explicit in stating that nicotine and pilocarpine can both be included in a composition for the taught use, see claim 11.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
